

GUANGPU YI

Address ◇ No. 96, Jinzhai Road, Hefei, Anhui @USTC

Personal Website ◇ home.ustc.edu.cn/~ygp, guangpuyi.github.io/Homepage

E-mail ◇ ygp@mail.ustc.edu.cn

EDUCATION

M.S. Solid Geophysics, University of Science and Technology of China (Pursuing)	<i>2021.09 - Present</i>
B.S. Solid Geophysics, University of Science and Technology of China	<i>2017.09 - 2021.06</i>
The Middle School Attached To Nanchang University, Nanchang, Jiangxi Province	<i>2011.09 - 2017.06</i>
Primary School Affiliated To Nanchang University, Nanchang, Jiangxi Province	<i>2005.09 - 2011.06</i>

RESEARCH INTERESTS

Glacial Rebound

- Inspired by "Barletta et al, 2018, Science", maybe there's something I can do about it

Mantle Net Rotation

- Assignment by Prof. Leng, let's see what's about it

Mantle Convection & Plate Tectonics

- This is what our group do, so what's next, subduction initiation? Craton? Mid-ocean Ridge? ...

Geomagnetic Field Reversal

- Mysterious stuff

Inner Structure and Dynamics of Other Planets

- More interesting stuff

Evolution of Human Society

- Yeah, that's right

HONORS AND AWARDS

2020	Outstanding Student Scholarship (Bronze Award)
2019	"Outstanding Individual" in the social practice activity of the Summer Vacation
2017	Outstanding Freshman Scholarship (Bronze Award)

RESEARCH EXPERIENCES

2019 - 2021	(Provincial) Innovative Training Program for College Students Tutor: Jinshui Huang Title: Research on Core-mantle Thermal Evolution and Magnetic Field Evolution of Planets
--------------------	---

PUBLICATION

Guangpu Yi, Nothing but Scientific Trash, -2021
